MESSY MASTERPIECES

Preschoolers will love getting messy as they create works of art! Messy Masterpieces is an interactive preschool lesson plan that encourages children to construct knowledge through meaningful play, thoughtfully planned activities, and active exploration of the environment. Visual arts allow the expression of children's interests, abilities, and knowledge. While the lesson plan incorporates many different Pennsylvania Learning Standards, it focuses on the key learning area of "Creative Thinking and Expression – Communicating through the Arts."
